Stringent Measures to Prevent Betting of Any Sort at Yonkers-Starter Mars Cassidy Sick

with Pneumonia.

New York, August 27.—Magazine won the Fleetwing Handicap at Youkers today in easy fashion, coming from the rear with a sensational closing sprint which carried him past the tiring King Cobalt so fast that the latter seemed to be standing still. His collapse was so complete that Moquette gained ten lengths on him in but few more than that number of strides and beat him out for second honors. The field for the card's chief feature was made up of seven horses of superior class, including, besides the three already mentioned. Arasee, Al Muller, Spooner and Jacobite. The last named pulled up bleeding from the nostrils and Roseben, carded overnight as a starter, was a conspicuous absentee. R. F. Carman, the owner of Magazine, had one of his characteristic plunge bets on his colt.

This was the last day but one of the present meeting and a noticeably slim crowd was present. Track conditions were bad and winners hard to pick. It was, however, even more difficult to get money down after one had made a selection. Conditions were acute in that respect. A majority of the big are all the present of the second present of the pr

TROTTING HORSEMEN AGAINST HUGHES.

Refuse to Race at Ballston Fair While New York's Governor Is Present.

Governor Is Present.

Governor Hughes went to the county fair at Ball ston, Saratoga County, New York, Wednesday afternoon, made an address and was accorded a respectful hearing. But the harmony of the occasion was jarred by a remarkable occurrence, which is thus described in a dispatch from Ballston:

"The governor's presence on the grounds, however, was resented by the horse owners, who have taken exception to the governor's efforts to suppress betting on the race tracks of the state. As a consequence they refused to start their horses while the executive was on the grounds.

"The 'strike' of the horse owners created an untrecedented situation and caused the management of the fair marked embarrassment. When the conditions became known a sensation was created among the thousands of spectators on the grounds, and considerable pressure was put upon the trotting men to change their attitude and run off the races as scheduled.

"In this the fair officials took the lead, urging their cases strongly upon, the recalcitrant owners and pointing out the awkwardness of the situation caused by the balk in the program. Their efforts were fruitless, however, the owners remaining obstante, and for an hour and a half they refused to budge from their position.

"They openly declared that Governor Hughes had antagonized their integrests and that they proposed to retaliate by refusing to take their horses out on the track while he was present.

"Those in charge of the fair threatened to have the owners dismallined for their refusal to come to time when the races were called, but even this threat had no effect in altering their attitude, and the races were held up during the entire period of the reventive's visit to the fair."

Saratoga county is strongly republican and the rowd, Quite to the content, the fair.

Saratoga county is strongly republican from the rowd, Quite to the content, the had political persuasion. But while the action of the rotting horsemen evoked much excitement, it does not appear that it brought condemnatio

clans, must view this incident with surprised concern.

The diversions of the people have no part in politics, but here is a case where the governor of New
York did bring them into politics and in doing so
ruthlessly destroyed vast property interests and
affected injuriously the incomes and means of living of a regular army of men. In this country
when men are hurt financially through means that
can be made an issue at the polls, they are not
usually slow about revenging their injuries through
the ballot box. Some curiously interesting and instructive developments in this line appear to be
impending in New York.

LOWER ADMISSION AT SHEEPSHEAD BAY.

New York, August 27.—Schuyler L. Parsons of the Coney Island Jockey Club announced today that the \$2 rate to the grandstand for men and \$1 for women inaugurated at the Yonkers meeting will be continued at Sheepshead Bay. The field stand will be closed entirely. All the field entrances have been closed. Mr. Parsons also said that the Western Luion Telegraph Company would not be allowed to open its office within the track inclosure.

FAVORITES IN FAST TIME AT FORT ERIE.

Nicol Lands Two Winners by Superior Jockeyship-Tom Kiley Exonerated.

Buffalo, N. Y., August 27.—Close finishes resulted in most of the races this afternoon at Fort Erie, Favorites and second choices swent the card, enabling the bettors to retrieve some of their heavy losses. Jockey Nicol showed a flash of his old-time form and to his good riding was directly attributable the victory of Gerymander and Leus. Both won by the shortest kind of margins, and with stronger rides Ceremonius and Lady Anne, which show the shortest kind of margins, and with stronger rides Ceremonius and Lady Anne, both of which finished second to Nicol's mounts, would have been the winners. Pat Dunne managed to hand a counie of purses with his Leus and Honest. Both were favorites, the last named an overwhelming one and backed to the exclusion of everything in the race, He won with consummate ease, but was bid up 8200 over his entered price of \$500 by A. Stevens of Toronto, who is trring to break into racing by bidding up winners. Dunne retained the colt with an advance bid.

Track records were equaded in two of the races, and by winning the closing race in 1:50½ Dr. Lee Huffman set a new track record as well as a Canadian mark for a mile and three-sixteenths. After many trials Barney Schreiber's Emperor William finally managed to display some of the sensational speed he has been credited with, and took the opening race as his rider pleased in 1:00½, equaling the track record for five furlongs.

Gerrymander, after annearing hopelessly beaten during the first three furlongs of the second race, came with a sensational rusb under hard urging that landed him a winner in the last stride over Ceremonius. His fine, 1:062, equals the former five and one-half furlongs mark.

By ranning the six furlongs in 1:122 Leus showed the best race for that distance at the meeting. To win he had to be hard ridden during the last furlong, and with a little more alertness on the part of Powers Lady Anne, which finished second, would have lasted long enough to take Leus measure.

C. A. Tilles, who formerly was identified with L. A. Cella and F. Adler, was an interested spectator at Fort Eric this afternoon. Tilles has been abroad and only returned to American yesterday. While in France he met many American horsemen. Tilles says that former jockey Eddie Ross is at present the most successful of any of the American trainers. Ross has a big string and the finest training establishment in France, being located near Paris. Recently one of the horses trained by him captured the principal race decided at Monte Carlo, Tilles will leave for Little Rock in a few days to look after the litigation involving the Clinton Park track.

T. C. McDowell will ship Ellen-a-Dale and Ancient to his farm in Lexington to be turned out for the rest of the season.

CONEY ISLAND'S POLICY SUPPORTED.

"Mets" and Betting Men Generally Will Be Con spicuous as Spectators at Sheepshead.

New York, August 27.—The leading bookmakers of the "Mets" and best known betting men, declare that they will live up to the spirit and letter of the recent rule adopted by the Coney Island Jockey Club. They will purchase tickets of admission, take seats in the grandstand, will desert the lawn, and will in all respects abide by the directions of the club. There will be no odds quoted, no betting, no running or moving about and thus they will show all concerned that they can and will obey the law as interpreted and desired by the Coney Island Jockey Club.

The enforcement of this rule will cost the club not less than \$50,000 for the eleven days' meeting, which will begin on Monday, aside from the vast amount of stake money given.

As evidence that the field stands will be closed at the forthcoming Sheepshead Bay meeting, it was made known yesterday that steel bars have been placed across all the stairways leading to the stand. As proof that every effort will be made to kill

oral betting without registration will be so greatly minimized that lookers on may be able to wager only on horse against horse, in the absence of quoted odds. This method of speculating was the fashion in the old days of the turf, when a day's program comprised two or three races, with small fields in each race, and strong sectional interest as the basis of the wagers. How it will work on modern tracks with large fields remains to be seen. There is no objection to this form of betting.

KINLOCH PARK MAY BE USED FOR RACING.

St. Louis, Mo., August 27.—No recent announcement has been made about the St. Louis racing venture. There are obstacles in the way of using the Fair Grouds it is said.

It is the present ulan to hold the meet of about fifteen days at the Kinloch Park track, with liberal purses and no betting ring. The betting, the promoters say, can take care of fiself.

Kinloch Park track is in St. Louis county, on the Wabash railroad and the Ferguson-Florissant trolley line. There has been no racing in St. Louis county since Governor Folk sent city policemen to close the Delmar track. But it has been recalled that the Supreme Court since held that the policemen had no legal right to make arrests outside the city.

HOW ENGLAND'S GREAT WINNERS WON.

Isinglass, the greatest money winner of turf history, won the main parts of his total when a four-year-old, but the majority of the chief English winners reaped the major portion of their harvesis as three-year-olds. Donovan, which ranks second to Isinglass, won \$82,438 when a two-year-old, it being the English record for horses of that age. It is noticeable that of the twenty leading money earners of England but four, Isinglass, Pretty Polly, La fleche and Tristan, had racing careers that extended beyond their four-year-old form. A good part of Tristan's earnings came from his racing in France, where for four years in succession he won the valuable Grand Prix de Deauville.

Necessarily, to figure in this list, a horse must carry off the Two Thousand, Derby, St. Leger, Jockey Club Stakes, Eclipse Stakes, Prince of Wales Stakes, Oaks or a part of them, along with minor events. Thus Isinglass won the One Thousand, Derby and \$1. Leger as a three-year-old, while his spoils as a four-year-old were the Prince of Wales Stakes of \$34,555. Eclipse Stakes of \$46,425 and Jockey Club Stakes of \$56,10. serving to show how a horse may win a great aggregate in England without running in many races. Of these twenty great winners, Isinglass, Donovan, Rock Sand, Flying Fox, Persimmon, Diamond Jubliee, Gladiateur, Ormonde, Galtee More, Ard Patrick, Lord Lyon and Ayrshire were Epsom Derby winners and Isinglass, Lord Lyon, Ormonde, Flying Fox, Rock Sand, Diamond Jubliee and Galtee More were of that extremely select band dubbed Triple Crown winners because of having won the Two Thousand, Derby and \$15, Leger. The Illustrious twenty and their winnings by years are the following:

*Six-year-old winnings included. RAIN SPOILS THE SEATTLE RACING.

Seattle, Wash., August 27.—Today's program at The Meadows was run off between heavy showers which transformed the track into one of slop and nud. With this sudden change in the condition of the going, form was at a discount and the results of the racing quite unsatisfactory. Miss Bootless, the lukewarm choice of the two-year-old race, represented the extent of public success in picking winners. Anna May and Fern L., two of the beaten favorites, were victims of weak rides, but the others of the public choices were beaten on their merits.

offices of the public choices were beared merits.

Haber, Henry O, and Kerry constituted winners well backed by the smart set and the ring had anything but a profitable day despite the poor showing of the favorites. Jockey Walsh, who resumed riding after an absence from the saddle of several days in consequence of an accident, was almost the whole show in the jockey line, winning half of the card.

card.

Jockeys Scoville and Quay were suspended by the starter, the former for three days and the latter

for ten for incompetency. Jockey Buxton is riding at Bellingham.

C. E. Durnell is seeking an injunction in the courts against the use of his name in the advertisements of a tipping bureau, ostensibly conducted by former Jockey Buchanan, who was at one time in his service. The advertisement that caused Durnell's ire declared that he had come here to bring off a coup and that Buchanan would be in on the alleged deal. Durnell has also filed suit for \$50,000 damages, but this is not taken seriously.

GREAT CHANGES IN ENGLISH RACING.

There has been a great change in the character of English racing in the last fifty years. Away back in 1783 there were held in the United Kingdom ninety-nine race meetings. Of these fifty-eight lave been entirely abandoned. In 1845 there were 138 meetings held, of which eighty-two are now abandoned.

At the present time, says Bailly's Magazine, we have ninety-two flat race meetings, that is, those held exclusively under Jockey Club rules, and 155 steeplechase meetings, under the rules of the National Hunt Committee.

The immense increase of steeplechase meetings and the abandonment of many old-fashioned flat racing meetings, which often combined jumping races, is accounted for in a great measure by the rule that no meeting should be permitted that did not give \$1,500 a day in prizes and that no flat race should be of less value than \$500 to the wimer. This rule has been the death blow to country meetings of the old style, and they have in a great measure been replaced by hunt steeplechase meetings, so that now we find that the areans for steeple-chasing and hurdle racing far outnumber those of flat raceing and that many of our finest agricultural and old sporting counties have not a single flat race meeting held in them, while in others there are only one or two of them.

NOTES OF THE TURF.

Racing in South Africa has for some years been under a cloud, for it gained unenviable notoriety for shady running, but matters in this respect have of late improved.

C. F. Clay, nephew of Colonel E. F. Clay, owner of Runnymede Stud, and member of the State Racing Commission, now in New York, was accidentally shot and instantly killed near Paris, Ky., last Tuesday afternoon.

day afternoon.

The starting gate was first regularly introduced in England at the Lincoln spring meeting in 1900, being then confined to two-year-old races only. In 1901 it was extended to three-year-olds, and in the following year to horses of all ages.

Hermit, which won the English Derby of 1867, will always be regarded as the most sensational winner of the classic event, mainly by reason of the fact that the late Marquis of Hastings lost over \$500,000 through the defeat of Vauban in the race. W. H. Dußois' Patchogue Stable which is to W. H. DuBois' Patchogue Stable, which is to go out of existence by the auction route, is only a shadow nowadays. Nealon and Charles Edward have been worthless this year, Running Account cannot stand training and Rossfenton turns out to be but a selling plater.

In charging Governor Hughes' special grand jury. Judge Rogers urged the jurors to be careful to see that every charge made is well defined. He told them that they must be sure of the facts before bringing in an indictment and that they must take no hearsay evidence, but made no especial charge on the betting cases.

Elder, the Brooklyn political lawyer, who has had charge of the eastern anti-betting crusade, thoroughly enjoys the warmth of the light in which he stands. The man courts notoriety, it is said, talks loudly about what he is doing, poses as a man of mark in public places and is generally and personally unpleasant at all times.

Isinglass won the richest prize ever run on the English turf—the Jockey Club Stakes of 1894—which, with a surplus, was worth \$56,510. Next in value comes Ayrshire's Sandown Eclipse Stakes in 1889, worth \$55,825. Then comes the Prince of Wale's Stakes at Leicester in 1889. Donovan, the winner, took \$55,000, the second \$3,750 and the third \$1,250, and Surefoot's \$55,377 in the Sandown Eclipse of 1891.

Winner—B. c, by Sorcerer—Priceless (trained by F. Hanlon).
Went to post at 3:27. At post 3 minutes. Start good. Won easily; second and third driving. Honest dashed to the front before they had gone a furlong, set a fast pace all the way and was eased up at the finish. Shake Mary, easily best of the others, was hard ridden throughout, but could never get to the leader. Bitter Sir, under a drive all of the last quarter, just managed to last long enough to stall off ormuz quick rush. It was a bad ride on the latter, which ran a good race. The winner, entered for \$500, was bid up to \$700 and bought in.
